What to bring to the initial consultation

In order to make the most of your initial consultation, you need to bring the following information:

1. Driver's License/Picture I.D. and Social Security Card
2. Any and all billings statements
3. Collection letters
4. Car payment booklets/statements
5. Mortgage payment books/statements
6. Pleadings from lawsuits against you
7. Power, water or cable bill if they are old accounts that you would like included in the bankruptcy.
8. 6 months of bank statements to help determine what your household expenses are each month.
9. Bring six months of pay stubs so that I can get the true income after all the deductions.
10. I will also need the last two years of taxes if you are filing Chapter 7 bankruptcy and the last four years of taxes if you are filing Chapter 13 bankruptcy.
11. Bring your spouse/significant other. It is better that both appear so that I know you both are in agreement and all questions/concerns can be addressed efficiently.
